NORWAY, ME. FRIDAY, AUGUST 20, 1920.

BASEBALL

West Paris 3; Norway A. A. 1

West Paris gave Norway a solar plexus blow and knocked the home team clean over the ropes at the County fair grounds Saturday afternoon. The wallop gave Norway players and fans a hot job, as the team had been running on high with little engine trouble. West Paris hurled a monkey wrench into the works and the super-six was easily converted into a cheap fixer. Without question, the Norway spellbinders were outbatted; discounted in the field and otherwise below par in comparison to the steady going team from up country. The Norway bats, very although over-worked, could not swing the game against crude stuff, at times not far removed from inexperienced amateurs.

Norway had an off-day and not up to the standard passed out on similar occasions. There is no alibi to cover numerous errors of omission and commission. The team was beaten all right but barely escaped a sousing in whitewash. West Paris left the field perfectly satisfied with life and bubbling over with hilarious joy. Their second dose of dreamland pills worked to perfection and the patients are resting comfortably. They are not on the dangerous list, however, and an early recovery is confidently expected.

Fielding Tactics  
The heavy shower delayed the opening until 4:30 o'clock. A large crowd was gathered and many more fans arrived after the rain ceased falling. Some 1200 people attended. Shavings were used around the bases and pitcher's box and the field dried quickly, but not altogether ideal for fast baseball.

West Paris opened the show and made things lively. They landed their first run in the third inning after two batters had been retired. Billings at that time secured a neat single into left, went second on Sawyer's single, secured third on a passed ball and scored when Duncan failed to stop a throw at the plate.

No more crossing for the visitors until the eighth although in the fourth with one down Rowe singled to center, McAllister was safe when Dewhirst fumbled the grounder in the shavings at third, Perham was hit by a pitched ball and the bases were full. This had hole was plugged with a chain of fortunate circumstances for Norway. Doughty went off by an infield fly but McAllister forced Rowe off third in an unnecessary play and the forced runner was caught between third and home.

Two runs in the eighth were clean cut articles. Billings singled, Sawyer did likewise, both advanced on Leavitt's sacrifice and crossed safely when Rowe landed a screamer through Lynch into right field. Norway didn't get a look in for runs until the last rounds of the fight. On the fifth runners landed on first base up to the ninth inning. Those were Dillon who walked in the first; Truett with a single in the second; Hunt on a single in the third; Purinton in consequence of finding a two sack in the sixth and Truett with his single in the seventh. The ball was hit freely during the time, but almost perfect fielding slammed the door on any chances Norway could muster for runs.

Norway started a slight snafu in the ninth when Purinton landed on first with a single. Dillon followed with a fielder's choice to Hill who retired Purinton at second. Dillon made second on a wild pitch. Lynch walked and Truett made first safely, scoring Dillon. But Dumaine who waits in a pinch hitter for Dewhirst was looking strong when Lynch endeavored to score on a close play, but got nipped at the home plate.

The features in the game were numerous and included the fielding stunt given by Perham after a long, hard run in the eighth, and the perfect throwing shown by Duncan from the plate to second. He caught numerous runners so foolish as to take chances on his unerring wing. Both Hunt and Benson pitched perfect control well nigh impossible, yet they handled the sphere in strong form and caught good hitters by the air route.

Comments From West Paris  
Our old friend, Mike Garbin, of West Paris contributed the following terse comment on the Saturday affair. Mike had an influence to get the article in print, but a loyal woman fan is the author. Plain truths are written with remarkable clearness for the Norway public in touch with the situation.

West Paris, Me., Aug. 14, 1920.  
As the old legend has it, Friday the thirteenth, was a very lucky day indeed, for the Norway Athletic Association. One secure Committee in charge, Mary Kimball, chairman, Mrs. Nettie Nevers, Mrs. Sadie Lapham and Mrs. Grace Pike.

A party including Mrs. Leon Kimball, Mrs. P. H. Nevers, Irene Nevers, Mrs. Sadie Lapham and Henry Kimball with Howard Chick at the wheel motored to South Paris to see the baseball game and scenery. They were guests of Mrs. Jessie Holden several hours before returning home.

There will be a meeting of republicans Saturday at 7:30 p.m. at the former Atherton Co. store, when an organization will be perfected.

Talk up the park on lower Main street then push the matter to completion. State road will pass that spot and Norway won't feel proud to apologize for unnecessary neglect.

George Bennett from Bethel visited at the home of Elbridge Holt one day last week. Ralph H. Watson of New York City is spending a two weeks' vacation in Norway and South Paris and is stopping at the Andrews House.

Contractor Maurice L. Noyes commenced Monday on the basement for Edwin Chick's six room cottage on Winter street. The cement block foundation is in place and carpenters will be put on the job within a short time. Basement measurements 24 ft. x 26 ft.

Dollar Day was a success at the various stores. Threatening weather early Saturday delayed the usual rush, but at noon a large trade had been accommodated without congestion. The heavy shower after the dinner hour caused a temporary lull in business, but everything boomed after the rain ceased. Business in the evening was unusually brisk. Norway National Bank received open late Saturday afternoon to accommodate the merchants.

Traffic officers, Horace Kimball and Chas. Boober, were on duty all day, keeping automobiles in their places.

B. G. McIntire Begins Campaign

"I believe in Maine and our people. I believe in legislating wisely and executing honestly and in practicing real economy. I believe in a square deal for all of the people." These words were what Bertrand G. McIntire of Norway, democratic nominee for governor, termed his own personal platform when he delivered his keynote speech Monday night in Memorial Hall, Oakland.

Judge Matthew McCarthy of Rumford Falls and Archie C. Towle of Oakland also spoke at the rally, which was well attended.

Mr. McIntire endorsed in its entirety the platform of the Democratic party of Maine and advocated the submission of the state primary law to the people for a vote, opposed the transmission of water power out of the state and favored the reorganization of the state highway department with one man in charge of it, also favored a 48-hour law for women and children, higher salaries for school teachers, revision of the tax laws so as to provide a state income tax law, a liberal policy toward the development of state highways, the election of the public utilities commission by the people and a business administration for the state.

A little backache at first.

Dropsy and often Bright's disease.

This frequently is the downward

course of kidney ills.

Don't take this course. Follow the

advice of a Norway citizen.

Mrs. Mary Gammon, 14 Beal St., says:

"I have kept Doan's Kidney Pills on

hand for years, in fact, ever since I

first took them some years ago. The

symptoms I noticed at that time indi-

cated kidney complaint. There was a dull

heavy ache across the small of my back

and often attacks of dizziness came over

me. Doan's Kidney Pills which I got

from Frank Kimball's Drug Store,

proved fine in relieving me of these

troubles. I take Doan's off and on now

keep my kidneys in good condition."

#### SOUTH ALBANY

Fred Littlefield is having on the farm here which he bought of Will McAllister last spring. Ananias McAllister, Roland Cummings and Aiton Paine are at work for him.

Mrs. Lenora Abbott of South Waterford was at Merritt Sawin's recently. While there she met her cousin, Mrs. Fred Kilgore of Norway. Mr. Kilgore was looking over some timber land in that vicinity. Both parties were happily surprised and the call although short was very pleasant to all of them.

Walter Lord bought some calves of Ernest Browne also one of Merritt Sawin and one of Hermon Holt last week. Two young men of the Y. W. C. A. have been here canvassing for the interest of the Bible Society of Maine.

Arthur Millett and family and Mr. and Mrs. Merritt Sawin went to Bethel Sunday August 8, and visited Mr. Sawin's nephew, Harry T. Sawin. They found Mr. Sawin suffering from an injury he recently received while at work in the saw mill. He was trying to move a log with a cant dog when it slipped and threw him against a board with such force that it bent several ribs bruising him badly. He is somewhat better but still suffers a good deal of pain. They also called on their old neighbors and friends, Mr. and Mrs. Burton Patterson who used to live on the place here which was recently burned while owned and occupied by Ted Weymouth.

Mr. Patterson has not entirely recovered from the effects of the injury he received while at work in Harry Brown's mill several years ago. Their boys are both away from home at work. Glen is at work in the woods at Milan N. H. and Guy in the mills at Berlin, N. H. Mr. and Mrs. Patterson lived here for several years and were highly esteemed and beloved by all who knew them. "Uncle Burt's" dry humor and cherry ways have been sadly missed since they went away from us.

Mr. and Mrs. Albert A. Horr of Lowell, Mass. called on his cousin, Mrs. H. B. Horr, Sunday August 8th. Mr. Horr is a native of Waterford and was born on the place now owned by Henry Wentworth. When a boy he used to board with Mrs. Horr and attend school at South Waterford. He is spending some time with his niece, Mrs. Isabel Whitcomb at Waterford. Mrs. Whitcomb was the daughter of George Horr a brother of Albert and a soldier of the Civil war. He was one of that great army who never came back and the daughter Mrs. Whitcomb went to live with the grandparents, Mr. and Mrs. William Horr and the son Albert until her marriage to Mr. Whitcomb when they bought the place a short distance from the old homestead where Mrs. Whitcomb now resides. Mr. Whitcomb passed away some over one year ago. An adopted son Harold Whitcomb who lives with her had the misfortune to break his leg one day last week. He was on the horse rake when the horse became excited from some cause and kicked him. He is doing as well now as can be expected.

Merritt Sawin's family have been enjoying ripe tomatoes the last three weeks out of their garden from plants of their own raising.

#### EAST OXFORD

Della Downing is a guest at Carrie Noble's. Mary Shurtleff of Otisfield is also visiting there.

Dorothea Billings of Bryant Pond is spending her vacation with Thersa Brown.

B. M. Greely, P. E. Rawson, Mr. and Mrs. George Barton, Marion Fuller and Ida Greely made an auto trip to the Aziscoos dam near Errol, N. H. Sunday, August 8.

Mrs. Annie Witham spent one day last week with her sister, Mrs. Callahan at Whitney pond.

Several from here have been blue-berrying on Streaked mountain but report the blueberries few and scattering.

#### OTISFIELD

To the Sons and Daughters of Otisfield Dear friends—I am quite certain that you will forgive the liberty that I am taking in addressing an open letter to you through our widely distributed paper The Advertiser. This seems the only way of reaching many who left us so long ago that their addresses are unknown.

Last year a movement was started toward raising a fund the interest of which is to be used for the care of the cemetery near the Sylvester farm in this town. With almost no effort excepting personal letters sent out two hundred and thirty-eight have been raised and placed in the bank. The response is most encouraging many non-residents feeling that this is the only way that the last resting places of their loved ones can be sure of perpetual care. The plan seems to call for at least twenty-five dollars annually the use of which can little more than guarantee the extermination of weeds and bushes and the mowing of the yard four times a year.

Many stones have either tipped or fallen from their bases so the first work seems to be procuring a stoneworker for the replacing of these stones. Many of these stones mark the graves of people whose entire family long since passed on and unless some descendant comes to the rescue the work must be done at public expense. We need money for this work, we also need ideas, if any friend can offer any suggestions toward carrying these plans forward they will be gladly received. Steps have been taken toward incorporating the society thus putting it on a business basis.

Many, unfamiliar with the changed condition of the population of the town can hardly realize that unless some provision is made the time is fast coming when such spots will be entirely uncared for.

We ask the aid and advice of every son and daughter of Otisfield in carrying this enterprise to a successful end. Mrs. Gertrude Barrows is secretary and Treasurer and will gladly receive any offerings or answer any questions that friends may care to ask.

Thanking the Advertiser for giving so much space and courtesy in publishing this letter. I am very truly yours,  
Nellie F. Stone.

Frank Hatch, aged 13, and brother Ralph aged 10, are certainly two smart boys. They are haying alone with the aid of horse, mowing machine and rake and do a good business. Their father, Sidney Hatch, works for Harry Brown at the mill.

Mrs. Harry Babcock and daughters, Gertrude and Leone, have gone from their cottage here to a summer cottage by the sea shore for a month.

Th Berlin Mills Co. are buying a number of lots of timber here as they expect to do a good business here this winter.

**WE SELL SOCONY MOTOR GASOLINE**  
STANDARD OIL CO. OF N.Y.  
The sign of a reliable dealer and the world's best Gasoline

*Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".*

The birthplace, at Amherst, N. H., of Horace Greeley, the famous abolitionist and founder of the New York Tribune.

**SOCONY** service is available to all who need its products—from quaint old Amherst, New Hampshire, to Sag Harbor, Long Island.

In some sections of New England three or four tank-wagon trips a year suffice to serve the sparsely settled rural districts. In the cities, large quantities of Socony gasoline are required every week. But whatever the amount or wherever the need, Socony service is there to supply it.

And this unique service does not consist merely of a large number of filling stations. It begins back at the oil well and in the research laboratory. New methods are constantly being devised to maintain the Socony standard of quality—and improve it, if possible.

As a result of half a century of refining experience, Socony gasoline is today the standard of quality motor fuels. It is clean-burning and uniform in power and mileage. And because Socony is obtainable everywhere, you can adjust your carburetor permanently. This makes possible the "all-season" economy which regular Socony users enjoy.

Look for the red, white and blue Socony sign

## GRACE FOR TODAY

Show us the way to see the good.  
 That comes into our lives.  
 The blessings dimly understood  
 That give us the way.  
 Give us content, with gold and gear—  
 Though much or little we possess—  
 Let us be glad for what is here.  
 On this, our day of thankfulness,  
 For bread, too, the soil and mind  
 So that our thanks will not be found  
 By custom's rule and rote confound.  
 Within this one day's narrow bound,  
 Let us be glad for what is here.  
 That bids the flowers wake and creep,  
 Let us be glad for what is here.  
 Give us the heart to understand  
 The graciousness of spreading trees,  
 The changing seasons, wisely planned,  
 The storm and sunshine, wisely planned,  
 For all the brightness of the dawn,  
 And cheerful noon and night,  
 And all that joy is builded on.  
 Give us the grace to see aright.  
 Let us remember each and word  
 By weight of goodly feeling must—  
 Each gentle thing we said or heard—  
 And let from memory's rest  
 Give us the grace to see and now  
 The benefits along the way—  
 The many things that help us so.  
 Let us be thankful every day.

### BRIDGTON FAIR

The Bridgton Fair was held on August 10, 11 and 12 under rather unfavorable weather conditions. The first day, the clouds lifted long enough in the afternoon to have the races, Wednesday seemed almost too stormy to attempt to carry out any of the program, but in the afternoon Lt. Bob Fogg arrived in a Canadian Curtis airplane, J. N. 4, circling around the village and coming down in full view of the people gathered on the fair grounds and in front of the stores and houses. A large number saw him land, near the stand pipe, where there was plenty of room. This is the first airplane to arrive in town, although during the war time some were said to be hovered around at night. Lt. Fogg gave exhibitions both days, which were full of thrills.

Many horses were entered for the different races, some very fast ones being among them. The winners in the two races were: 2:18 trot or pace, purse \$200 Bertolmi; Billy the Rabbit doing the fastest heat; 2:30 trot or pace, purse \$200 Noville, owned by Dr. H. W. Watson of Haverhill, Mass., after a real battle with Cochato Brave and Three Bells. Pointer Wood, owned by J. Amato of Portland, showed the fastest in the first two heats of the 2:18, laid up in the third heat and was distanced in the fourth.

There was the usual number of fairs of different kinds, tents lining either side of the driveway. The balloon man was in evidence also the merry-go-round. Eatables of all sorts were on sale. The hall and exhibit of a few Bridgton firms, Frank A. Webb showing Senoras and other musical instruments; Wales & Hamblin, agents, had farm machinery. Mrs. M. W. Knight showed a case of fall millinery. Jewelry, fancy articles, books, etc., were on sale. Upstairs the hall looked very attractive, with flags, and a very fine exhibit of needlework, also canned goods, food etc. Highland Grange and Walker camp, Royal Neighbors, both had fine exhibits being entitled to much credit for their efforts to show what excellent needlework etc. can be made by Bridgton women. The tables on all sides were covered with dainty work of various descriptions, with rugs, quilts, knitting, and placed under a glass cover was delicious-looking cooked food while the Grange and Cooking Clubs had commendable exhibits of a large variety of canned articles. The Sewing Club also made exhibits. There was a small, but excellent exhibit of vegetables by the Grange. The following boys had samples of manual training work: Harold Ingalls, Clayton Bardsley, Fred Dodge, Clyde Riley, Gerald Keen, Edmund Otis had exhibits of four varieties of potatoes, which were of excellent size, twin cucumbers, were shown, being joined together, and both the same size and shape. A bible, carried in the pocket of Albert H. Gorham, Maytag, Oisset, Mass., during the Civil War, and which saved his life, by stopping a bullet, is an interesting exhibit, the property of Allen Clarke.

Among the display of cattle were some very fine specimens especially the Harford, by Lord and Son. The following were among the exhibitors: A. R. Clark, Harrison; G. F. Bryant, South Bridgton; A. W. Weston, Elmer Thomas, C. R. Bean of Bridgton; H. F. Lord and Son, West Denmark; Howard Morrison, Ed Davis, Fred Hanson, Mrs. W. H. Foster all of Bridgton.

The committee in charge of arranging articles in the upper hall was G. W. Newcomb and May Quincy. They made a number of changes in the arrangement of the tables, etc., and the effect was very pleasing. Flowers and plants added a pleasing touch to the decorations.

### HARRISON

Birthday Party  
The members of the Wyonegonic Club met at the home of Mrs. Mercy and Mrs. Mary Gray to celebrate the birthday of Mrs. Gray, a dearly loved charter member of the organization. Good wishes were extended by a large number of the members and a dainty picture was presented Mrs. Gray by half of those present by Mrs. Cora Denison in her usual facetious manner.

Piano selections were given by Mrs. Genevieve Walker who also sang several beautiful solos. Mrs. Denison sang an old time favorite which Mrs. Mary Sylvester read. Refreshments of ice cream and fancy cookies were served.

Among those present besides the Gray sisters to enjoy the gathering were: Mrs. Anna Dudley, Mrs. Jessie Warren, Mrs. Nellie Sawyer, Mrs. Cora Denison, Miss Emma Kilbourne, Mrs. Mary Sylvester, Mrs. Genevieve Walker, Mrs. Frederica Baeslack, Mrs. Elizabeth Pitts, Mrs. Annie Hunter, Mrs. Gertrude Blake and Mrs. Hattie Freeman and Junior. Two members, Mrs. Mabel Carley and Mrs. Annah Whitney were unable to be present but sent congratulations and best wishes.

Governor Milliken To Speak  
On next Sunday August 22 a great event will take place, namely, the United Campaign of the Baptist church and Harrison Social and Civic association will be launched. The speakers for the day will be Dr. E. C. Whittemore of Waterville, one of the foremost pulpits of the state, and also Carl E. Milliken, Governor of Maine.

The musical program has been arranged by Charles Harrison of Columbia fame and a fine orchestra from Portland has been secured. The association has been recently formed under the auspices of the Baptist church, corporation. Its board of managers are equally elected between representatives of the church and citizens at large. Its object is to promote clean morals, lofty ideals and to cater to the recreational side of "Young Harrison." Needless to say this movement will be followed with great interest by surrounding towns, and it is hoped that many will be interested.

Among the Harrison people who ascended in the aeroplane at Bridgton Fair last week were Mr. and Mrs. Archie Grover, Harvey, Hartley and Sam Pitts, Floyd Webster, Hazel Burnham, Mrs. Mary Stanley and Carol Martin.

Mr. and Mrs. Oskar Kneeland are in South Paris keeping house for Mr. Lovejoy who is conducting an eating house at Cornish Fair this week.

Mr. Seavey is a talented musician and has been for over forty years prominently identified with a number of the most celebrated military bands in the country as a player of the tuba. He traveled and played for several years with Sousa's World Famous Band both in this country and in many foreign lands. He is now playing for the Columbia Phonograph Company and other bands and orchestras in New York City.

Mr. and Mrs. Erlon Noyes, of South Paris were in town for a few hours, Sunday.

Ethel Whitney with a party of friends is spending a few weeks at Camp Owsley Crystal Lake.

Dr. Morgan of Baltimore, Maryland, who is a guest of Mr. and Mrs. Walters on Long Lake, occupied the pulpit at the Baptist church Sunday morning. A large congregation enjoyed this wonderful preacher as well as a beautiful solo by Charles Harrison and one by Miss Metcalf.

Narrow Escape From Fire

Two very heavy showers passed over this section, Saturday afternoon; in one of them, the lightning played pranks with the barn of Henry Andrews, passing along the ridge pole, darting on one beam, then another, and finally came to a stop in a mow of straw, which providentially did not set on fire. Mrs. Andrews and a friend were alone at the time, and, needless to say, were much frightened.

Hazel Woodsum of Limerick, a former teacher here, was the guest of friends last week.

Dorothy Coleman is home for two weeks before entering a training hospital at Keene, N. H., as a nurse.

Mrs. Anna Butterick (nee Eddy), who with her sister, Mae Eddy, were guests at B. G. Walker's the past two weeks, returned to their home at Waban, Mass., August 13.

A number from this section attended Bridgton Fair last week.

Gertrude Fifield of Portland was a week end guest at Mrs. Henry Andrews'.

An unusually heavy electric shower visited us from 12 Sunday all the afternoon until 5, causing the telephone lines to be out of commission, but doing no serious damage.

## EAST SUMNER

Mellen Snell and Mrs. Leon Snell of East Hebron took Mr. and Mrs. W. H. Eastman, Charlie and Leona Eastman to Saint Albans, Thursday of last week, to call on Milton L. Merrill. They returned the same day, making a trip of over 150 miles.

Laura Bowker of South Paris has been visiting Hazel Tucker.

Howard Palmer of New Haven, Conn., and Ray Palmer and wife and little son Harold of Boston spent a few days with their parents, Mr. and Mrs. Frank Palmer.

Mrs. Philip Tucker was in Lewiston a few days last week.

George Packard is stopping at H. C. Buck's.

There was a large attendance at the all day grange meeting, Saturday. A basket dinner was much enjoyed.

# Which Business Would You Build?

Suppose a man came to you and said:

"I will pay you 8 per cent. on your money if you will invest with me. I want to enlarge my business in Pennsylvania and help Pennsylvania prosper. Will you invest with me?"

And another man came and said:

"If you will invest your money with me, I will give you a fair rate of interest on it—6 1-2 per cent.—and with it will enlarge my business right here throughout OUR OWN STATE. The enlargement of our business will help OUR STATE to prosper, lower your taxes, bring factories and shops here and will help YOUR TOWN to prosper and thus will put money in your pocket."

WITH WHICH ONE WOULD YOU INVEST YOUR MONEY?
